Kingfisher and Owl DT Knowledge Organiser Term 2

Textiles - Slippers

Key Objectives

- To explore existing slippers and examine their design and structure.
- To explore how to use different stitches to get a desired effect.
- To design my own slippers with a specific target market in mind.
- To include a variety of stitches, materials and joins in my slippers.
- To evaluate my outcome and suggest ways to improve it in future.

Key Vocabulary

Template	A guide used to draw or cut a shape.
Cross Stitch	A popular form of embroidery stitching in which two diagonal lines are stitched to create an 'X' shape. This form of stitching can be easily used to create patterns and pictures.
Running Stitch	This is the simplest stitch. It creates a dotted line effect. Remember to leave a space from the previous stitch.
Back Stitch	Similar to the running stitch, except that the thread doubles back so that there is no visible spacing between stitches. It is a very strong and secure stitch.
Target Audience	The people who will be buying your product.
Design Brief	An explanation of what the product needs to do that you must think about before you start designing.
