

Food Journeys Knowledge Mat

Subject Specific Vocabulary		Map of UK	Sticky Knowledge about local food production
fresh food	A food that has not been altered		☐ I know that I come to school in Bibury t, where there are few shops. My nearest town is Cirencester where there are lots of shops.
processed food	A food or ingredient that has been altered in some way eg by freezing, canning, baking, mixing with other ingredients. This is performed in a factory.		☐ I know that some of our food is produced in England and the UK but other foods need hotter and wetter climates to grow.
high street	The main street in a village, town or city which usually contains a mixture of shops where food can be bought		☐ I know that milk comes from cows and can discuss its journey from farm to supermarket.
warehouse	Food products are stored in a warehouse before being taken to shops		☐ I can name the 4 countries of the UK: England, Scotland, Wales and Northern Ireland.
factory	Food produce can be processed in a factory by baking, canning, freezing or mixing with other ingredients		☐ I can name the capital cities of the UK: ☐ ENGLAND- London ☐ SCOTLAND- Edinburgh ☐ WALES- Cardiff ☐ NORTHERN IRELAND- Belfast
frozen food	Frozen food is preserved by a freezing process and stored in a freezer before cooking.		
Food producers or farmers	People who produce our food. They may plant crops and/ or raise animals to do this. The food they sell is called produce .		
supermarket	A shop which sells lots of different sorts of food and goods. Fresh, frozen, dry and tinned produce are sold here. Food is brought to supermarkets by lorry, ship or by air.
