Maths

- Year 3 and Year 4 children will follow the Can Do Maths scheme.
- All children will be taught how to use physical resources to help their learning. This will help develop their conceptual knowledge and deepen their understanding.
- Maths lessons are split into the main lesson and maths skills. Each maths lesson will explore a new mathematical concept and children will complete maths skills which will focus on foundational skills and reinforce learning from the main lesson.

English

- We currently use 'The Write Stuff' which equips children with all the skills they need to write across all genres.
- 3 part lesson – word and phrase collecting; modelling by teacher; child writing.
- Sentences are shared and 'stacked' in the class. This supports children with the knowledge and experience they need to construct paragraphs and full texts.
- We also teach discreet grammar and spelling lessons to ensure full coverage of the curriculum and also reading comprehension lessons.

Reading

- Please read with your child each night and record this in your child's reading record. We also use this book so that you can see when they read in school as well.
- Books from school are chosen and set according to 'Star Reader' ZPD reading levels.
- We follow VIPERS for our reading comprehension tool.

Homework and supporting your child from home

- All children should aim to read daily at home.

Each Wednesday, children will be sent home with homework to complete by the following Tuesday. This may include:

- Spellings
- Maths skills
- Grammar tasks
- TTRS (optional)

In June, year 4 children are required to complete the Multiplication Tables Check. Therefore, practising times tables often will help support your child with recalling these facts.

- Knowledge Organisers - These are useful documents to share with your child and discuss what they have learnt.

Celebrating Success

- Every week we have a **Celebration Worship** where selected children are awarded the **Star of the Week** certificate. This might be for academic achievement, good progress, perseverance, a WOW moment or going above and beyond to help another child.
- Every so often we give out our most special award – **The Socks Off Award**. This award is given to a child when we have seen them consistently working their socks off . In school this would look like: always trying their best in all lessons; persevering when things got hard; and being a role model for the school consistently. We also require children to demonstrate that they are working hard at home, completing all homework, reading daily, practising their KIRFS in maths etc. The children receive a pair of special socks, a certificate and the biggest round of applause of them all!

Bullying

- We have been in discussions with the children over the past year about behaviour, friendships and bullying.
- We ask you to encourage children to talk to adults in school about anything that bothers them so that we are able to support them immediately.
- We explore the issue of bullying regularly with the children and stress the importance in knowing how to define bullying. This is when there is repetitive, intentional hurting of one person or group by another person or group.
- Please let us know if you would like additional information about our policies regarding this or if you would like extra support in this area.

Partnership

- Children are all individuals.
- Talking through worries and concerns is important. Please do not hesitate to ask, the earlier we know about a concern, the easier it is to resolve.
- I am available at the end of the day.
- Parents evening will be before half term.
- If the matter is urgent and I am not available, please leave a message with the office or with another member of staff. If you have an urgent message in the morning please email the admin account admin@northcerney.dgat.org.uk or leave a message with the member of staff on duty in the playground. Teachers are generally unavailable at the start of the day as they are busy setting up learning.
- If you are unexpectedly delayed picking up your child, please telephone the school and your child can have a place in our after school club until you arrive. After school club runs from 3:00 to 5:00 on Monday, Tuesday and Thursday. Wednesday and Friday run until 4pm.

Reminders

- Your child will need to bring their PE kit to school this term on a Thursday as we have an additional sports session with Miss Herbert. The children will have two PE sessions on a Friday and can wear their PE kit into school. No swimming for now!
- Reading records and books need to be returned daily.
- Please ensure that your child has a warm coat and appropriate school shoes.
- Please ensure that you label all school clothes with your child's name. We can waste valuable learning time trying to return unnamed clothing.
- Please ensure that your child has a water bottle filled with water every day.
- Snack time (please send fruit and vegetables)
- We are now an allergy aware school.
